## SAE Gear • Inventory List

---

### Shoot Day 2 • Todo

- ☐ Check all of your Gear / Rotate Batteries
  - ☐ Organise all documents you need to use for the day
  - ☐ Liaise with the team on roles
  - ☐ Prep all gear & do a quick test run
  - ☐ If necessary, check shots & discuss positioning, movement, frame lines, & audio
  - ☐ Think about what kinds of SFX / Foley / Ambience - you could record
  - ☐ Once shoot finished - backup all audio for archives - pass onto data wrangler
- 

## Call Sheet & Script

## Notes

Here's the section for any quick notes you might want to jot down.

- 

---

## Reflections

Here note down some thoughts & reflections on today's work. Think about how you did, anything you could do better, things you might change for future shoot days & any/all feedback from peers.

Remember how powerful a tool can be when done properly
