Task Name: Galaxy menu Background

Description: Download this video and import into your DAW. Design the sound

for the 'galaxy' menu. Keep it simple and on theme. It should be non intrusive and support what the player is doing. No need for UI sound fx for selecting items or movement around the menu.

D.A.W. Any

Restrictions: No library or royalty free music.

Time: 45 mins.

Filename: [*Name_Skyrim_menu.wav***]**

Submit:

Video in Galaxy Menu

Loudness: -6dbTP.
